## G. ADDITIONAL INFORMATION

If there is any information you wish to share or that may provide assistance to the Certification Committee's review of your renewal application, please add the information here:

Remember to let the PACS office know whenever you make changes to your organic products. This includes changes in facility, management, recipes, ingredients, suppliers, labels and storage facilities. You may not market a product as organic until it has been evaluated by PACS and listed on your organic certificate. You must submit your OPP for approval to the PACS office prior to the first organic production run.

**You are required to update your organic plan each year. Keep a copy of this Renewal Plan as a reference for updating in the future. This application is part of your organic records and must be kept with your other farm records.**

*I affirm that all statements made in this application are true and correct.*

*I understand that:*

- The applicable transition period of my enterprise does not commence until all documents constituting a complete application have been duly submitted to the PACS office for review, upon which time my enterprise and all its functions are operating under certification body supervision.
- Acceptance of this document in no way implies granting of certification by the Certification Body (CB).
- My operation may be subject to unannounced inspection and/or sampling for residues at any time as deemed appropriate to ensure compliance with the Canadian Organic Standards and Permitted Substances Lists.
- Any wilful misrepresentation will result in de-certification.
- Production methods may not alternate between organic and non-organic methods.
- This completed document is confidential information according to the policies of the BC Certified Organic Program. Membership and certification status, however, is public information.

*I agree:*

- To allow the Verification Officer and/or members of the Certification Committee and the COABC Accreditation Board auditors access to all areas of my enterprise and to my records, including but not limited to: inputs, production, processing, handling, sales and products purchased for resale, from both organic and non-organic production.

*I am applying as a [choose all that apply]:*

- COR applicant** - ISO-compliant certification for interprovincial/international trade (permits use of the COR logo).
- PACS Compliant applicant** - certification of agricultural products for sales only within my own province/territory (excluding BC) or certification for Natural Health Products or Cannabis (within Canada).
- BCCOP applicant** - certification of my products for sales only within British Columbia (BC Certified Organic Program – permits use of the BCCOP logo).
- BCCOP applicant** - certification of my products to the BCCOP Low Risk Program. I understand that the eligibility requirements for participation in the Low Risk Program include the following criteria:
- a) Enterprise must not be exporting organic product out of BC
  - b) Enterprise must not practice parallel production
  - c) Enterprise must not have outstanding conditions on its certification
  - d) Enterprise must have received a valid organic certificate in all of the previous three years
  - e) The enterprise must be assessed for risk, and receive a low-risk ranking from the certification committee
